# 1 Documentation For Package KERNEL\_5\_4

## 1.1 Kernel 5.4

This chapter documents the available drivers of the Linux kernel in version 5.4, as provided by the package kernel\_5\_4.

### 1.1.1 Network adapter drivers

This section lists all network card drivers supported by this kernel. We differentiate between LAN drivers for wired networks and WLAN drivers for wireless networks. Wireless network drivers also need the package “wlan” in addition to the base- and this kernel package.
